CSPB Support Committee

Contributions were made by OTR to a proposed revision of the format for the Country Appendix to the General Plan - Cold War and to Annex C to the General Plan. The OTR recommendation revising the introduction to the format paper was accepted. The principles implicit in the OTR recommended redraft of Section 3 to the format were incorporated in the final draft accepted by the Committee but the wording was different. The OTR version of Annex C was delivered to the Chairman with the protest that Annex C under its present concept is a document of doubtful value in view of the amendments accepted for Section 3 of the format for the Country Appendices.

Budget Narratives

Budget narratives were revised, completed, and delivered to the Budget and Fiscal Officer for inclusion in the OTR budget statement.
